

# Map Butterflies

Find out how to  
make them here

Print out the  
template and enjoy!

This is what you need:

template  
map  
scissors  
Sharpie/pencil  
pen  
felt tips  
white paint  
knitting needle  
blue/white tack

You'll find it on the last page.  
If you don't have a printer  
and live in Durham,  
let me know and I'll get you one!

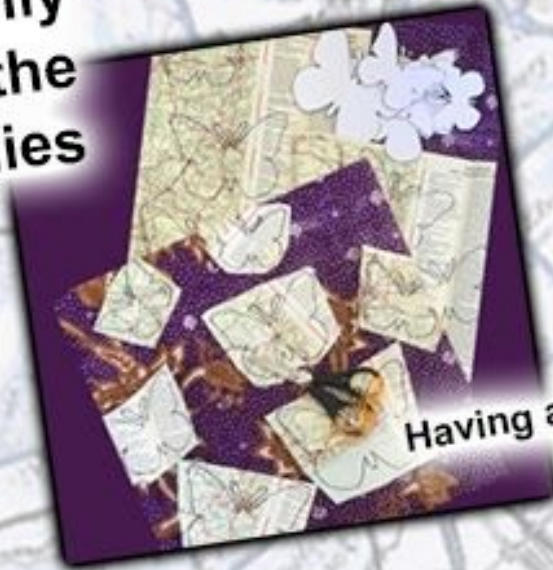

Cut out the  
butterflies

Place the butterflies on the reverse side of the map if one side is nicer than the other

Cut roughly around the butterflies

Trace around the butterflies

Having a small piece of paper will make cutting out the butterflies much easier

Score by pressing a pen firmly alongside the butterfly's body

**Give the bodies and antennae some colour**

**Give the wings a colourful outline**

**Make dots on the outline with a knitting needle or other rounded object and a dab of white paint.**

**Bend the wings, put a tiny bit of blue tack on the backs and put them on display!**

**Give the bodies and antennae some colour**

**Give the wings a colourful outline**

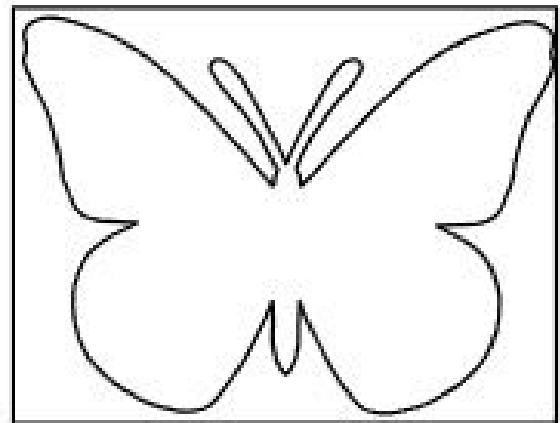

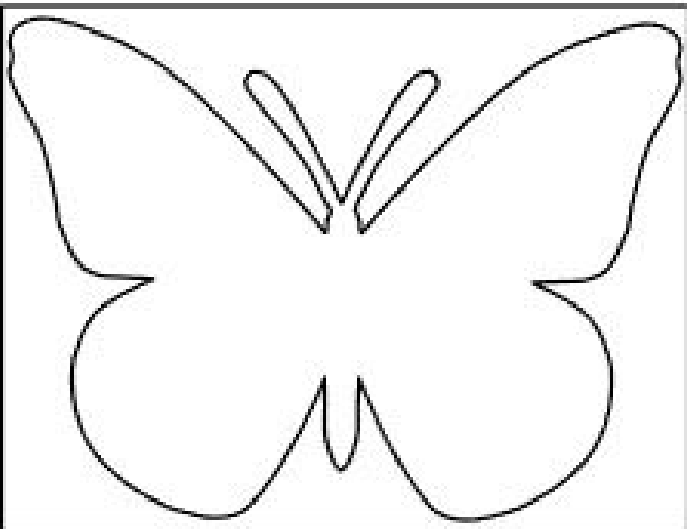

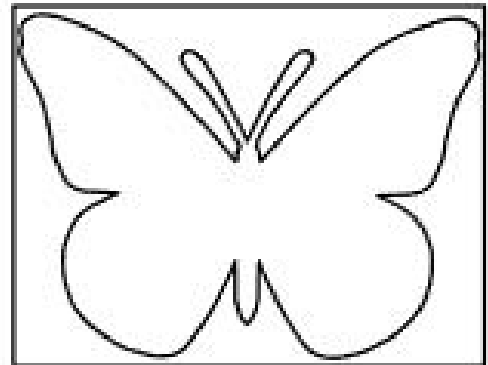

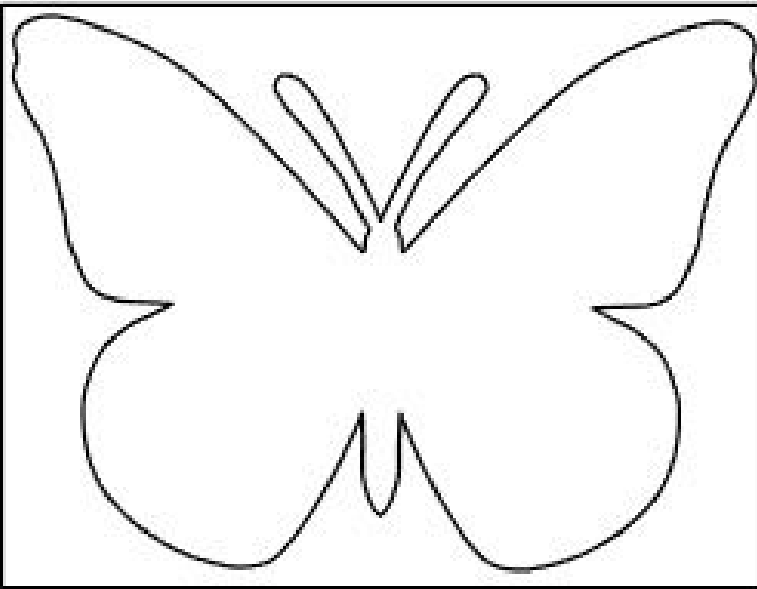

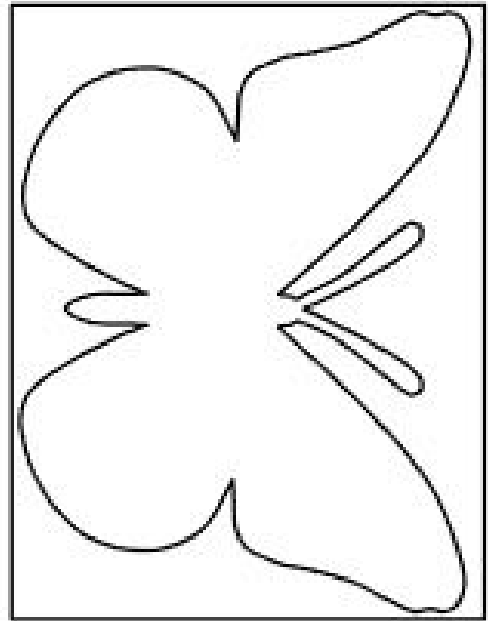

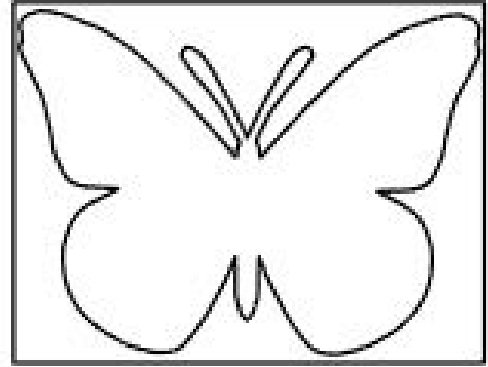

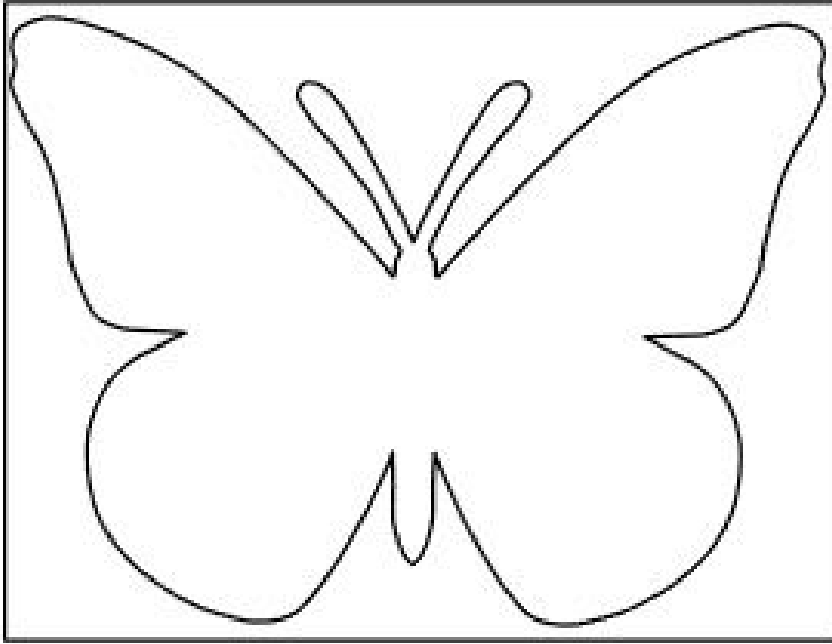

**Make dots on the outline with a knitting needle or other rounded object and a dab of white paint.**
